4.0 Declarations of Interest	None	
5.0 Community Feedback	<p>Helen Lamont reported to the CCC that she had visited the “Stop Invasive Mining” tent at the Cleve Field days recently to introduce herself and talk about her role as Independent Chairperson of the CEIP CCC.</p> <p>Not a lot of change since the last meeting.</p> <p>Still a lot of negative talk in the community ie. Will no longer be a safe environment for families.</p> <p>There is no community knowledge of the accommodation village.</p> <p>The negative impact on livestock through the corridor.</p> <p>Misperception regarding the rail corridor – big concerns at the field days about this.</p> <p>Jenny Sampson sent out 20 emails to her contacts and provided feedback from 8 emails that were returned. See attached.</p>	

	<p>There has been concern about the drop in iron ore prices – Is there any other industry that could support increasing population?</p> <p>There is a fear that the money will start flowing in and only half of the project will get done – sick of things dragging along.</p>	
<p>6.0 Business Items</p> <p>6.1 DSD presentation – Mining leasing application and assessment process</p>	<p>See attached.</p> <p>Andrew Querzoli – Mining lease application will result in the grant or refusal of a mineral lease. The Minister will grant a “mineral lease” with conditions which are legally binding And enforceable. The company must comply with the conditions.</p> <p>Steve will respond on the “bond” for the mine and development process.</p>	Steve Green
6.2 Debrief from the presentation	<p>All relevant</p> <p>Some concern about communication from company to community</p>	

	<p>Mining proposal is on the web</p> <p>Dust – need to ensure close scrutiny</p> <p>Send contact details of case managers of DSD planning to CCC members.</p>	Tracey to email
6.3 Questions and Answers and Responses	<p>Questions to IR to provide answers</p> <p>Helen to update the list and email to members for consideration</p> <p>Question re the accuracy of the monitors. Sub group (Lubin, David, Tash & Craig) to visit the monitors.</p> <p>EP Analysis (independent of IR) monitor and check the sites. The samples are analysed by an atmospheric scientist.</p> <p>The CCC's Q & A's list is to go on the web as a living document and promoted in the Granite once first draft completed</p>	<p>Helen</p> <p>Tilly to organise</p>
6.4 Questions to Iron Road – Jenny Sampson	<p>IR still working on their response.</p> <p>Will be included in Q and A</p>	Tilly/Tim
6.6 Outcomes – Social, Environmental and Economic	<p>Continued discussion on outcomes.</p> <p>See attached.</p>	

<p>7.0 Iron Road</p> <p>Iron Road Report (Tim Scholz & Tilly Smart)</p>	<p>The IR and council website now has everything regarding the CCC meetings on it.</p> <p>After the last CCC meeting they thought about what information they can provide to the community, after workshopping this internally they thought that running some technical days for the public with independent consultants ie hydrologist, acoustic engineers might be helpful.</p> <p>EPBC Act – Handout.</p> <p>Port trip with the Tumby Bay community reference group.</p> <p>Discussion regarding the Iron Ore price – business as usual.</p> <p>Discussions continue with grain partner.</p> <p>20 days away from completion of drilling.</p>	<p>Tilly to email Tracey copy.</p>
<p>8.0 Council Report (Andrew Buckham)</p>	<p>Richard Dwyer (consultant) met with council regarding the master plan of the community.</p> <p>In the process of quoting to do a stage development baseline and residential camp.</p>
