

# Plenty of popular events on axle, hoof and wheel

Between the Wudinna show, the Port to Port Fun Run, local weddings, the Pedal Prix and the SANFL/AFL Finals, the 20<sup>th</sup> and 21<sup>st</sup> of September proved to be one busy weekend hosting a myriad of popular events.

Iron Road representatives headed across to the Eyre

Peninsula and on to Murray Bridge to join in the fun.

## ANNUAL WUDINNA SHOW

What started out a very windy morning, quickly cleared into a gloriously sunny day for the Wudinna Show.

It was a cheerful sight of kids

with hands buried in fairy floss, the adults enjoying the sun, and the various events unfolding throughout the day with great success.

A team from Iron Road enjoyed the festivities and supported a number of events such as the shearing competition, the show jumping, kids' entertainment and the Wudinna Team Yarders.

The Iron Road tent was steadily busy throughout the day with a lot of interest regarding when

the project might start, where the project runs, and what kind of jobs will be available longer term.

### 2014 PEDAL PRIX WEEKEND

It is always a highlight for everyone in the Iron Road office when the annual Pedal Prix 'rolls' around.

This year, a number of staff attended the Murray Bridge event, some for the first time, to watch over 220 bikes compete in the HPV (human powered vehicle) 24-hour endurance event.

Congratulations to the boys and girls teams who finished well and overcame some big hurdles

during the race. There were big team efforts off the track too. The pit crew, led by engineering genius Craig, worked tirelessly keeping all three bikes roadworthy, stellar effort. The cooks supplied a steady stream of delicious food to keep everyone energised, the trainers kept the athletes in one piece, and the time keepers (some of whom didn't sleep a wink) made sure each and every completed lap was recorded.

This year for the first time, an open adult's team, The Roll Models, entered the race. It included Iron Road's Tilly Smart, surprised to find she both survived and thoroughly enjoyed the 24 hours. It was a massive effort from all the teams. We would like to say thank you to all involved in the weekend, the parents, teachers, kids and open team.

## From Port To Port, the run was a lot of fun

The finish line was a welcome site for over 80 participants in the Iron Road Port to Port Fun Run, which raised money for local health initiatives.

Participants ran or walked either 12km or 6km along the coast into Port Neill and finished at the jetty. The fun that followed included entertainment for kids, lunch and presentations to top off a successful day. Congratulations to the Port Neill Progress Association for its hard work pulling the day together and raising the much-needed funds.

## Anya Hart joins the Iron Road community team

Anya Hart has joined the Iron Road team as a Stakeholder Engagement Manager.

Anya, who holds an honours degree in metallurgical engineering and a masters of environmental & business management, brings with her a wealth of diverse experience in several technical, community and environment roles.

Anya's most recent roles included community relations manager at Eyre Iron Pty Ltd, environment & community superintendent at Terramin Australia, and community relations & communications manager at OneSteel.

She grew up in Whyalla and lived there for 30 years. After a 5-year "tree change" living on a property near Strathalbyn, Anya now lives with her husband and two young daughters in Adelaide. When she is not working, Anya enjoys camping, the beach, good food and wine, and spending time with her family.
